

QUALITY CONTROL FOR BETTER SAFETY

For materials with such wide-ranging applications, highest standards must be adopted at all level manufacturing process. Thus, at KLJ, we go the extra mile to ensure highest quality standards and add latest innovations in our products. Stringent quality tests are being conducted following best industry standards at our 55,000 sqft. State-of-the-Art R&D facility that enables latest Development & Product Innovations.

- Our laboratories are certified to comply with ISO/IEC 17025:2017 by NABL.
- R&D infrastructure is accredited by Dept. of Scientific & Industrial Research (DSIR), Govt. of India.
- Production process is certified by ISO 9001:2015 (Quality Management System for manufacturing facility) & ISO 13485:2016 Medical Device Quality Management System (MDQMS).
- Our PVC/TPE Compounds are made under standard procedure and offers consistency of formulation.

TFG SRD 80 TPT	Transparent	1.32 ± 0.02	80 ± 3 (Shore D)	15	N/A	N/A	N/A	N/A	>6	0.5	130 - 160	Leur Lock Connector

- * All grades conform to various Indian Standards and Biological tests as prescribed under USP Class VI and ISO 10993
- * All grades conform to Physico-Chemical test as prescribed in ISO 3826-1:2013
- * All Compounds are manufactured under clean room facility and therefore Compounds are free from all sorts of contamination
- * As per requirement all grades are available in different colours, different hardness, UV stabilised, Antimicrobial, Antifungal & Antifogging properties may vary with hardness
- * All grades are also available as per RoHS guidelines, REACH norms and Phthalate free compositions
- * The above properties are indicative and represent the values as tested in our laboratory
- * There is no guarantee/warranty what-so-ever
- * Suitability of the product for particular application may be verified before use

KLJ Medical Grade TPE Compounds:

- Strict formulation and raw material control
- Made with only FDA listed food grade ingredients
- Biocompatible compliant
- REACH ROHS (no heavy metals) and Proposition 65 compliant
- Does not contain Phthalates, PVC, BPA and Latex
- Free of animal-derived materials (ADM-free)
- Manufactured in ISO-13485 certified facilities ensuring security of supply

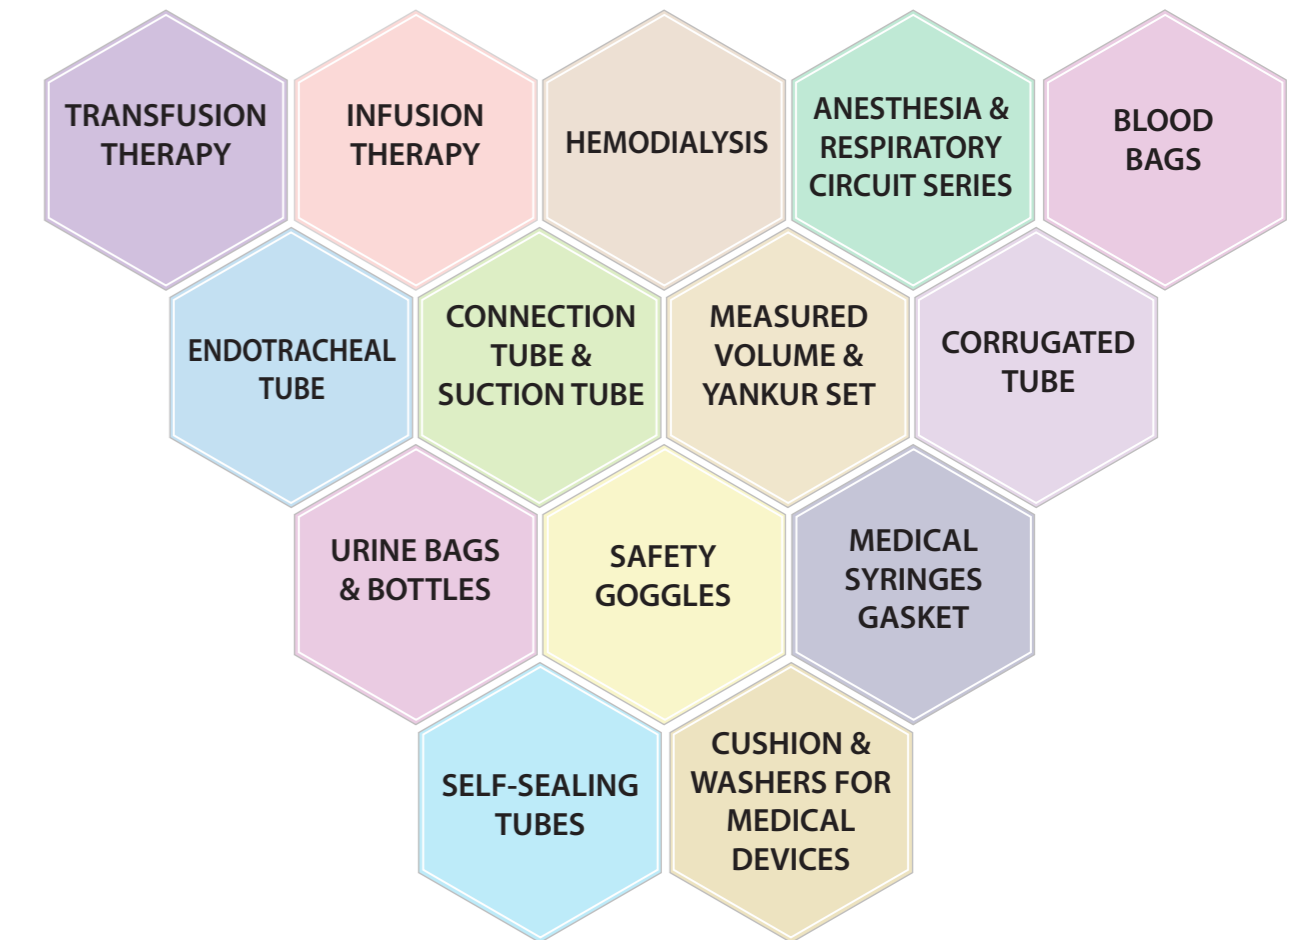

KLJ Medical Grade PVC Compounds:

KLJ Polymers has been supplying medical grade PVC Compounds to the Healthcare Industry for over the last 40 years. Our Compounds find use in a variety of medical devices for molding and extrusion applications. KLJ has Non-DEHP, Non-Phthalate, and FDA approved Compounds.

Our Compounds conform to USP Class VI requirements and ISO13485 standards.

- Strict formulation and raw material control
- Biocompatible compliant
- REACH & RoHS compliance
- Proposition 65 compliance
- Free of Heavy Metals, BPA and Latex
- ISO 13485 certified facilities

Total Solution for Medical Disposables

100% Recyclable
